A**AIDS (Acquired Human Immunodeficiency Disease)**

- adherence to antiviral drug regimens in adolescents, 55
- antiretroviral therapies, advances in, 99
- coping mechanisms of black and white men, 436
- global epidemic, role of NMA in curtailing, 313
- breast cancer, incidence of during AIDS epidemic in Tanzania, 301
- reliability of HIV/AIDS information sources, 269
- risk factors in black women, 183

Alternative therapy

- assessment of home remedy use by African Americans, 341
- utility of echinacea-garlic for colds and flu, 49

Alzheimer's disease

- clinical characteristics of black patients, 424

Anuerysm

- percutaneous radial artery cannulation in newborns, 309

Angiosarcoma

- primary splenic angiosarcoma, 143

Appendix

- pathology of, 533
- primary torsion of the greater omentum, 306

B**Biomedical research**

- effect of Tuskegee Study on African-American participation in, DECxx
- race and racialism in scientific research, 96
- racial disparities in patient and practitioner participation, 62

Breast cancer

- BRCA1, mutation analysis of in black women, 29
- rates of during AIDS epidemic in Tanzania, 301
- recruitment of elderly black women in breast cancer trials, 169
- mammography
 - role in breast cancer diagnosis in inner-city populations, 372
 - screening, noncompliance in low-income black women, 237
- timed incentives, efficacy of in study of long-term cancer survivors, 528

Bladder cancer

- diagnosis and management of, 285

Book Reviews

- NDA II: Story of America's Second Dental Association, 585

C**Cardiac disease**

- coronary heart disease in African-American women, 327
- hypercholesterolemia, treatment of with cerivastatin and pravastatin, 319
- plasma lipids, 375
- spontaneous coronary artery dissection, 87
- sudden cardiac death, 36

Coronary disease

- serum albumin concentration as risk factor for, 3

Cocaine

- nasal toxicity of, 39
- violence, crack users as victims of, 76

Colorectal cancer

- recent advances and screening protocols, 222

D**Diabetes**

- Bacillus cereus* bacteremia in diabetic patients, 206
- diabetic foot, 405
- glucose intolerance, relationship between height and hypertension, 265
- health priority for NMA, 211

Dementia

- clinical aspects in blacks, Hispanics, and whites, 15

Dermatology

- scleroderma, diagnosis and case presentation of, 46
- Sturge-Weber syndrome, 262
- xanthomas, diagnosis and case presentation of, 147

E**Earache**

- otalgia in children, 254

Environmental health

- effect of environmental inequity on health outcomes, 275
- neurobehavioral toxicity, 116

Ethnicity

- Alzheimer's disease, clinical characteristics of black patients, 424
- assessment of home remedy use in African Americans, 341
- AIDS, incidence rates among African Americans and Africans, 313
- biomedical research
 - effect of Tuskegee Study on African-American participation, 563
 - necessity for diversity in clinical trials, 507
- recruitment of elderly black women in breast cancer trials, 169
- racial disparities in, 62

- breast cancer, mutation analysis of BRCA1 in black women, 22
- culturally-sensitive weight loss program, 515

- coronary heart disease in African-American women, 327

- dementia, clinical aspects in blacks, whites, Hispanics, 15

- folate and vitamin B₁₂ status in adolescent African girls, 334

- health disparities

- elimination of, role of leading health indicators, 315

- relationship to racism in medicine, 1

HIV

- African-American college students, risk behavior of, 391

- coping mechanisms, differences in black and white men, 436

- incidence of sexually transmitted diseases, relationship to self-reported behavior in black men, 354

- risk behavior in black women, 183

mammography

- noncompliance in screening for low-income black women, 237

- using cultural beliefs to improve utilization rates of in black women, 136

managed care

- discrimination of minority physicians and patients in, 103

- meaningful patients' bill of rights legislation, 155

- mental health services, racial variations in delivery of, 231

- minority medical school faculty, limited numbers of, 411

- nutritional assessment of low-income elderly blacks, 524

- organ donation, use of financial reimbursement in minority populations, 450

- ovarian cancer risk, racial differences in, 176

- prostate-specific antigen and androgens in black and white men, 445

- race and racialism in scientific research, 96

- radical prostatectomy and radiation therapy rates in black and white men, 281

- recruitment and retention of African-American health professions students, 125

- smoking cessation efforts in black adolescents, 558

- socioeconomic status, effect on perinatal outcomes in blacks, 213

- stress management by African-American physicians, 70

- suicide, escalating rates among African Americans, 53

- timed incentives, efficacy of in study of long-term breast cancer patients, 528

thrifty phenotype hypothesis of glucose intolerance, 265
vital signs quality of life questionnaire in black hypertensive patients, 550

G

Geriatrics

dementia, clinical aspects of blacks, Hispanics and whites, 15
recruitment of elderly black women in breast cancer trials, 169

H

Headache

evaluation of with MRI, economic and outcomes assessment of, 573

Hemolytic disease

anti S antibodies, role of, 91

Health policy

AIDS, global epidemic of, role of NMA in curtailing, 313
biomedical research
effect of Tuskegee Study on participation of blacks in research studies, 563
necessity for diversity in clinical trials, 507
recruitment of elderly black women in breast cancer trials, 169
racial disparities in, 62
diabetes, critical health priority for NMA, 213
economic and medical sanctions against Cuba, 547
environmental inequity, effect on health outcomes, 275
health disparities, elimination of, 315
managed care
discrimination of minority physicians and patients in, 103
meaningful patients' bill of rights legislation, 155
medical care in New Zealand, 415
mental health services, racial variations in delivery of, 231
needs assessment, 544
racism in medicine, 1
race and racialism in scientific research, 96
universal health care, 263

Height

relationship between height, glucose intolerance and hypertension, 265

Hepatitis C

hepatocellular cancer, incidence of, 369

Hepatocellular carcinoma

hepatitis C, link to, 369

Hematoma

ultrasound appearance of subcapsular hematoma, 200

High Blood Pressure (see Hypertension)

Human Immunodeficiency Virus

adherence to antiviral drug regimens in teens, 55

non-nucleoside reverse transcriptase inhibitors in treatment of, 99

incidence of STD, relationship to self-reported behavior in high-risk men, 354
reliability of HIV/AIDS information sources, 269

risk behavior

African-American women, 183
African-American college students, 391

Hypercholesterolemia

efficacy of cerivastatin and pravastatin in treatment of, 319

Hypertension

psychometric properties of VSQIQ in hypertensive patients, 550
relationship between height, glucose intolerance and hypertension, 265

I

Journal of the National Medical Association

racialistic constructs in articles published in, 96

M

Magnetic resonance imaging

evaluation of headache, DECxx

Medical education

Cuban medical schools, 547
enrollment and graduation trends in U.S. dental schools, 536
minority medical school faculty, increasing the number of, 411
recruitment and retention of African-American health professions students, 125

Medical history

Sarah Loguen Foster, fourth African-American woman physician, 149

Mental health

racial variation in mental health services, 231

N

Neonatology

hemolytic disease in newborns due to anti S antibodies, 91

Neurology

Neurobehavioral toxicity, 116

O

Obesity

culturally-sensitive weight loss program, 515
gender differences among African Americans, 22

Oncology

bladder cancer, review and management of, 285
breast cancer, mutation analysis of BRCA1 in black women, 29
hepatocellular carcinoma, 369
lung cancer, efficacy of low-dose concurrent chemotherapy and radiation in treatment of, 105
mammography
lack of screening compliance in black women, 237
role of in breast cancer diagnosis, 372
ovarian cancer risk, racial differences in, 176
prostate-specific antigen and androgens in black and white men, 445
radical prostatectomy and radiation therapy rates in black and white men, 281
recruitment of elderly black women in breast cancer trials, 169
small-cell lung cancer, utility of low-dose concurrent chemotherapy, 105

Organ donation

financial reimbursement, feasibility of to increase organ supply, 450

Otalgia

pediatric earache, 254

P

Patient education

colorectal cancer, recent advances and screening protocols, 222
health and social services for teen-age males in urban clinics, 42
mammography, using cultural beliefs to improve utilization rates of, 136
targeted interventions for HIV prevention, relationship to reliability of information sources, 269

Pediatrics

adherence to antiviral drug regimens in HIV-infected teens, 55
folate and vitamin B₁₂ status in adolescent girls, 334
health and social services for males in teen-age urban clinics, 42
otalgia, 254
smoking cessation efforts in adolescents, 558

Practice issues

community-oriented primary key, 157
patient care, new aspects to, 52
stress management, 52

Pregnancy

perinatal outcomes, effect of high socioeconomic status, 213

Helicobacter pylori infection in, 361
relationship of physical growth, sexual maturation and body image on, 10

Scleroderma

diagnosis and case presentation of, 46

Smoking

cessation efforts, 131, 573
physicians, smoking behavior of, 382

Stroke

serum albumin concentrations as risk factor for, 3

Student National Medical Association

programs and activities of, 367

Sturge Weber syndrome

encephalotrigeminal angiomatosis, 261

Substance abuse

cocaine, nasal toxicity of, 39
violence, crack users as victims of, 76

T**Tobacco**

cigarette smoking among physicians, 382

U**Ultrasonography**

spontaneous subcapsular hematoma, appearance of, 200

Universal health care

Cuban health delivery system, 543
NMA support of in U.S., 263

Urology

granulomatous orchitis, 458
surgical complications from minor procedures, 196

W**Wegener's granulomatosis**

cranial nerve palsies, 455

X**Xanthomas**

diagnosis of, 147

STATEMENT OF OWNERSHIP, MANAGEMENT, AND CIRCULATION

(Required by 39 U.S.C. 3685). 1. Title of publication: Journal of the National Medical Association. 2. Publication no. 0513-310. 3. Date of filing: 11/20/2000. 4. Frequency of issue: monthly. 5. No. of issues published annually: 12. 6. Annual subscription price: \$105 institution. 7. Complete mailing address of known office of publication: Elsevier Science Inc., 1012 Tenth St. NW, Washington, DC 20001. 8. Complete mailing address of headquarters or general business office of publisher: Lorraine Cole, PhD, 1012 Tenth St. NW, Washington, DC 20001; Editor, A. Paul Kelly, MD, 1012 Tenth St. NW, Washington, DC 20001. 9. Managing Editor: Eleanore Tapscott, 1012 Tenth St. NW, Washington, DC 20001. 10. Owner: National Medical Association. 11. Known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages or other securities: None. 13. Publication title: Journal of National Medical Assoc. 14. Issue date for circulation data: October 2000. 15. Extent and nature of circulation. a. Total no. copies (net press run). Average no. copies each issue during preceding 12 months, 23,334; actual no. copies of single issue published nearest to filing date, 23,334. b. Paid and/or requested circulation. 1. Paid/requested outside-county mail subscriptions stated on Form 3541. Average no. copies each issue during preceding 12 months, 22,752; actual no. copies of single issue published nearest to filing date, 22,752. 2. Paid in-county subscriptions stated on Form 3541. None. 3. Sales through dealers and carriers, street vendors, and counter sales: None. c. Total paid and/or requested circulation: Average no. copies each issue during preceding 12 months, 22,752; actual no. copies of single issue published nearest to filing date, 22,752. d. Free distribution by mail, samples, complimentary, and other free copies: Average no. copies each issue during preceding 12 months, 303; actual no. copies of single issue published nearest to filing date, 303. e. Free distribution outside the mail: Average no. copies each issue during preceding 12 months, 0; actual no. copies of single issue published nearest to filing date, 0. f. Total free distribution: Average no. copies each issue during preceding 12 months, 1,235; actual no. copies of single issue published nearest to filing date, 1,235. g. Total distribution: Average no. copies each issue during preceding 12 months, 23,987; actual no. copies of single issue published nearest to filing date, 23,987. h. Copies not distributed. 1. Office use, leftovers, spoiled: Average no. copies each issue during preceding 12 months, 859; actual no. copies of single issue published nearest to filing date, 859. 2. Return from news agents: None. i. Total: Average no. copies each issue during preceding 12 months, 23,128; actual no. copies of single issue published nearest to filing date, 23,128. Percent paid and/or requested circulation: Average no. copies each issue during preceding 12 months, 95%; actual no. copies of single issue published nearest to filing date, 95%.

I certify that the statements made by me above are correct and complete.

Lorraine Cole
Executive Director
